OUR FOUR YEARS IN RETROSPECT

It was on September 13 that the class of '52 first assembled to begin their studies. On September 17 the Postulants enjoyed the spiritual encouragement of their Retreat Master, Reverend John V. Casey. The next big event to come our way was the patriotic program celebrated in honor of the Freedom Train. Fall came on and the stars of the football field soon made themselves known. Luke Hally and Stanley Smith were among the best in this regard. The next skill to become evident was our flair for drama. Mickey Gallagher started the ball rolling by his part in a Thanksgiving skit called, *Miss Schrewbury's School.* The mid-terms were followed by the Term Holiday and a trip to see *Monsieur Vincent.* Shortly afterwards came the Saint Patrick's Gaudeamus in which we presented our first skit, a Mister Anthony Skit, written by Joseph Rafter. "Stush" Smith created quite a riot that night as a problem-ladden wife telling her troubles to Joe, who played Mister Anthony. After this comedy came drama in a more serious vein, the Passion Play. The freshmen were well represented by Mike Gallagher, Paul Jamison, and Bob Skinner. There followed in quick succession the solemn ceremonies of Holy Week, the Easter vacation, and the return to complete our year. A biology exhibit was the last big thing of our freshmen year, and on June 24 we became sophomores.

With the new year and studies we also greeted new members to our ranks, John Vesey and Michael Potocznick. The retreat this year was given by Father Purcell, then a member of the Villanova faculty. It was at the Halloween Gaudeamus of this year that we created one of our biggest successes, *My Friend Irving.* Stan Smith, Mike Gallagher, and Joe Rafter were the stars of this play. Shortly before the Thanksgiving vacation the school held an elimination contest to see who would represent the school in the American Legion speech contest. Joseph Rafter won this contest and on December 2 also took first prize in the Island competition. Time was going faster now, and before we knew it the mid-terms were upon us and then the Term Holiday trip to see *The Titan.* We were again represented in the Saint Patrick's Gaudeamus and like our first year the Postulants stayed here during Holy Week. On April 17 we returned from our Easter vacation and soon the finals gave us our first taste of the Regents. We had climbed another step higher; now we were juniors.

Our junior year went even faster than the others. We were again in the Halloween Gaudeamus, and shortly afterwards the Thanksgiving vacation again brought us a pleasant recess. However, the athletes of our class were showing skill that they had never shown before in the varsity games. We had no Term Holiday trip that year but stayed to see a Novice received. The Saint Patrick Gaudeamus previewed the coming Easter vacation and on March 16 the Postulants went home and the Day Students made their annual retreat. Late that May the school presented a play entitled *The Loyal Traitor,* and the juniors were represented by Joseph Rafter. The next big thing in dramatics was of a lighter nature, but of equal importance. For on the last night of school the juniors treated the graduates with a banquet and the traditional Junior Gaudeamus.

Finally we were in our last year at the "Rock", and the time continued to fly. We presented another skit for Halloween, and for Thanksgiving the Day Students sponsored a dance in the school hall. The Christmas vacation quickly came and with it the celebration of Father Pambianco's Golden Jubilee. Then came the mid-terms and the trip to see *Quo Vadis* on Term Holiday. The big thing of this time of year was our amazing and proud record in our basketball games. The Postulants made their retreat early this year, and our retreat master was again Father Casey. The Day Students, as in the year before, made their retreat during Holy Week. Then came the Easter vacation and the return to complete—not just another school year—but our stay at the Academy. They were busy and exciting months: several of our number won various awards. We did especially well in the Latin contest sponsored by the Catholic Classical Association of New York; Joseph Gawarkiewicz won an award for his composition in an history essay contest; our senior golf team received an award. The play this year was *Brother Petroc's Return,* and three of our number represented the class in this. Then came the long awaited invitation mailing and the review for the finals. Now with our career at the Academy behind us, we, the class of '52, look back and recall with pride our career at our Alma Mater.

While the attaining of a diploma means the completion of our high school course, it also means the parting of the ways for most graduates. These halls of Augustinian Academy do not merely contain memories of scholastic achievements but also memories of our common friendship. We take pleasure in recollecting the teachers and classmates who have enjoyed with us the passing of one of the most pleasant milestones on our life's journey. In order to preserve our memories of these eventful years, the annual staff has attempted to compose a worthy memento of our former teachers, classmates, and activities at the Academy.

The exiled Aeneas once proclaimed to his Trojan followers when they were wandering on foreign shores, "forsan et haec olim meminisse juvabit". The staff hopes in a similar manner that, "perhaps in some future time we shall be glad to remember these things".

One of the staff's monthly meetings. Here Father McIntyre apportions the work to the reporters.

"Now, let me see. Where are you standing then?" Father Williams plans the motion of the actors in the final direction.

"Ummm. just a little more powder on the right side," says Joseph Rafter while John Maloney prepares George Berthold for his part in the play.

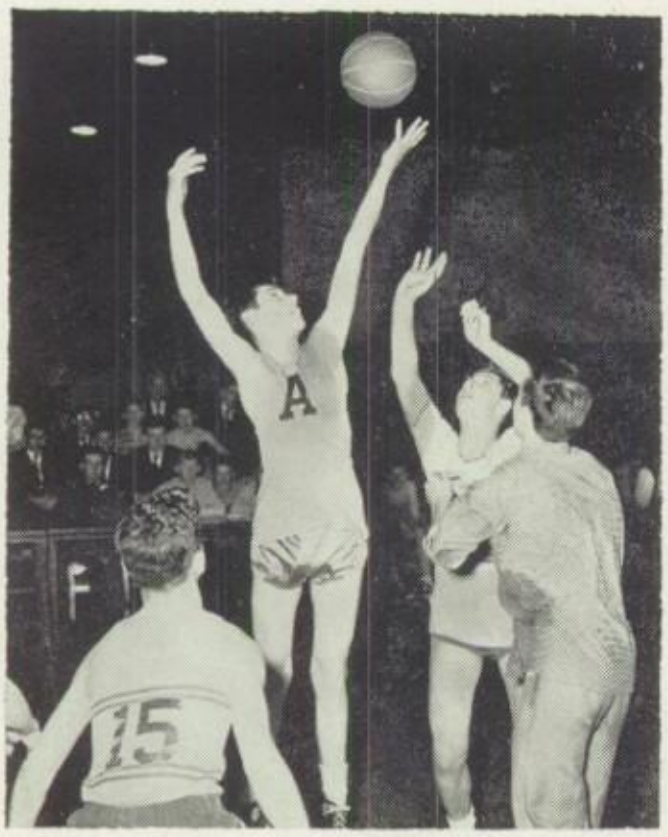
BASKETBALL

FRONT ROW, Left to Right: John Hagemann, Eugene Malin, William Barry, James Sause, Joseph LeMole, Gerard LeMole. BACK ROW, Left to Right: Rev. Thomas Purcell, O.S.A., Coach, Robert Steel, Robert Brennan, Thomas O'Brien, Edward McCarthy, Thomas Walsh, Casimir Bianowicz, Manager



Early in October, Reverend Thomas P. Purcell, O.S.A., called a meeting of all prospective candidates for the varsity basketball team. After a long series the team of 1951-52 was taken from this large number of candidates. Bob Skinner, Bob Fredericks, Paul Crews, Don Tierney, and Jim Sherry were our veterans, and Ed Dobbin, Charles Semon, Luke Hally, Tony Spina, and Mike Flynn were newcomers.

It is interesting to note that for the first time since 1947 an Augie team has been bolstered by Postulants.

The 1951-52 season has proven to be the greatest season in the history of the Academy. The varsity has won 16 and lost 4. This is a tremendous improvement over last year's 5-8 record. Two of the most notable wins are one-point victories over Tottenville High, 44-43, and Curtis, 25-24. In beating Curtis and Tottenville the varsity scored major upsets, since these schools have an enrollment so much greater than ours.

As we look back in the 1951-52 season, we look back on the greatest in Augie history. It was a season that saw ten straight wins for the Augies and many previous records shattered. It's a season we look back upon with pride.

DAY STUDENTS' FOOTBALL

FRONT ROW, Left to Right: William Lane, Joseph Gawarkiewicz, Peter DeMarzio, Bernard Kuebler, Peter Napolitano, Joseph Yost, Michael Flynn. BACK ROW, Left to Right: Nicholas Rinaldi, Robert Skinner, Donald Tierney, Paul Jamison, Paul Crews.

As the football season rolled around, an intramural football league was organized under the direction of Reverend Angus N. Carney, O.S.A.

The league was part of the physical education in the program of the school, and all the Day Students were required to compete. The various classes were divided into teams and as a result many exciting games were played.

At the end of the league an all-star league was chosen, and it is composed of William Lane, Joseph Gawarkiewicz, Peter DeMarzio, Bernard Keubler, Peter Napolitano, Joseph Yost, Michael Flynn, Nicholas Rinaldi, Robert Skinner, Donald Tierney, Paul Jamison, and Paul Crews.

The spirit of the league was one of good clean sportsmanship; and for this we must apply thanks to our moderator, Father Carney, and the umpires chosen daily from the ranks of the Day Students. The success of the league is vested more in this spirit than in the physical exercise that was gained. And the league this year was *very* successful.

DAY STUDENTS' BASEBALL

FRONT ROW, Left to Right: James Sherry, James Sause, Paul Crews, James Shea, Robert Hopkins. BACK ROW, Left to Right: Thomas Gannon, Paul Jamison, Joseph Yost, Robert Skinner, Anthony Spina, Casimir Bianowicz.

As the yearbook goes to press, the baseball season has not yet begun. Therefore this description of the doings of the varsity baseball team will be somewhat incomplete.

Rev. Angus N. Carney, O.S.A., in his second year as Coach of the Augies, held a preseason meeting to determine who will compose the team.

It is expected that Paul Jamison, Joseph Yost and Paul Crews will do the pitching—replacing Bill Crews and Jerry Duff, lost through graduation.

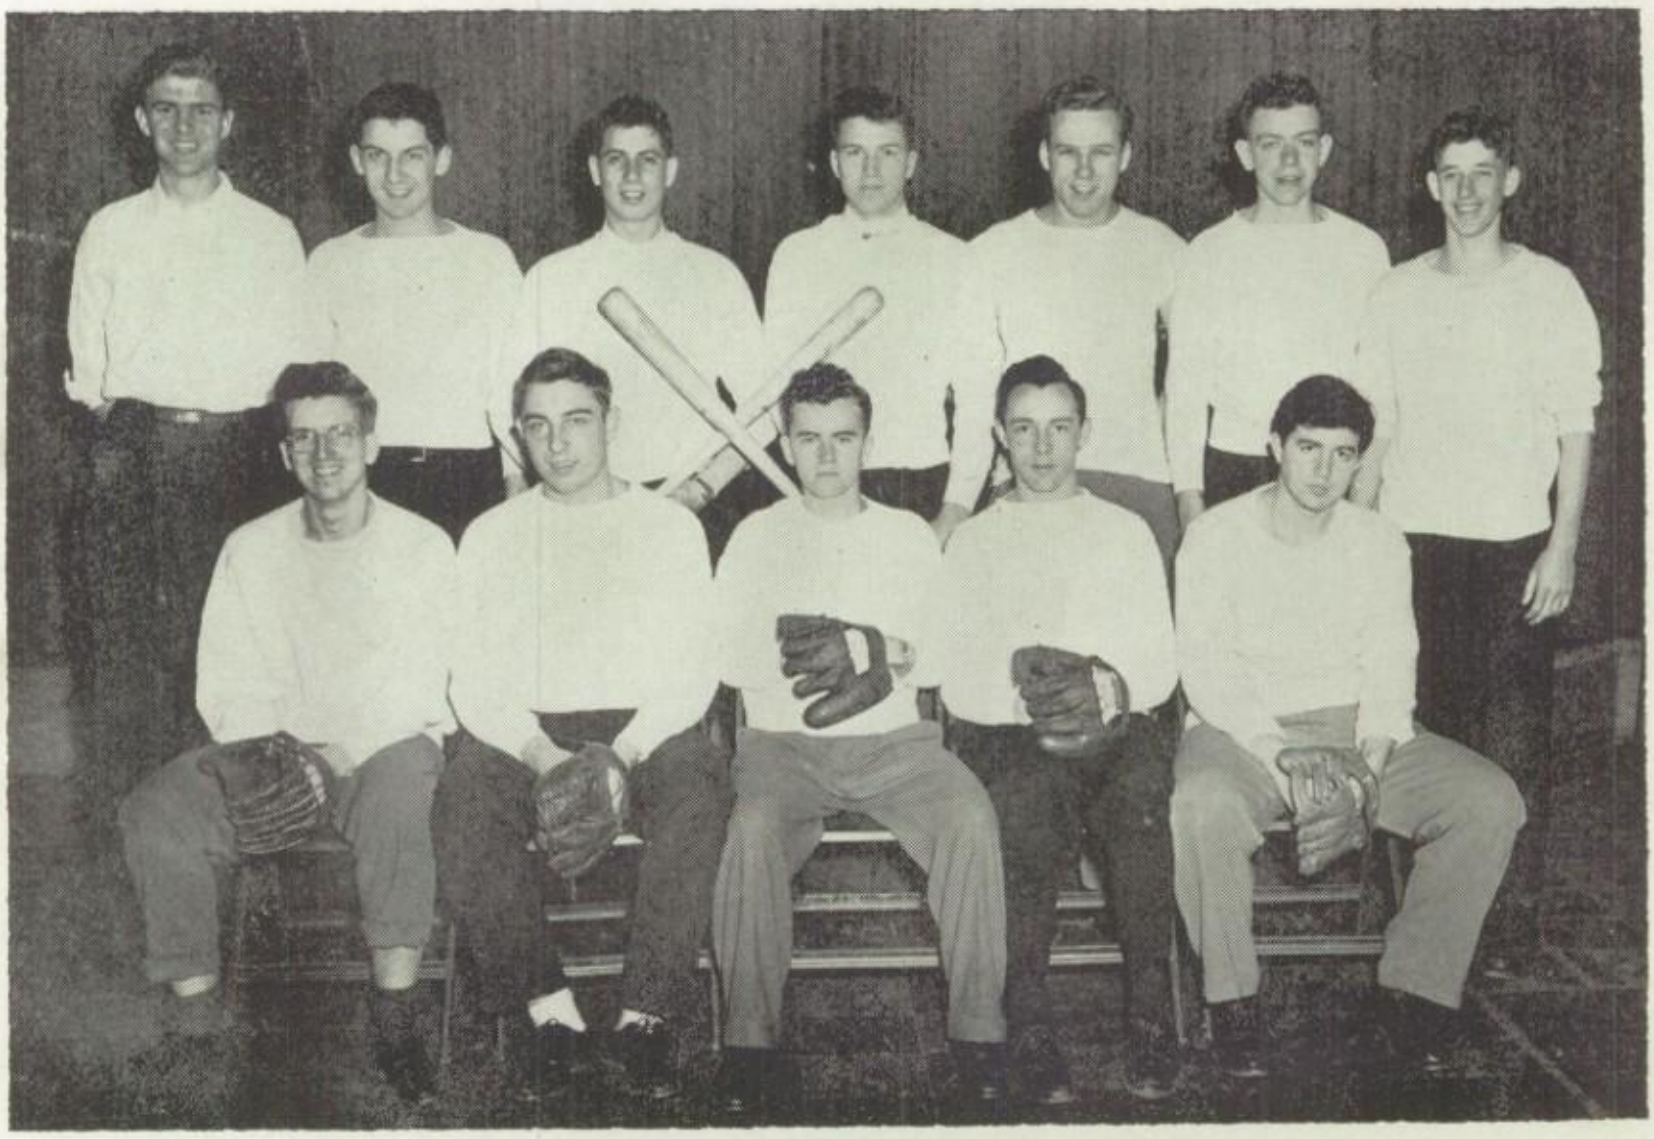
Paul Jamison, Casimir Bianowicz, Luke Hally or Thomas Gannon will probably do the catching if Jamison does not fill a berth on the mound.

Jim Sherry or Tom Walsh will make a bid for first base, while the remainder of the infield will be divided among Bob Skinner, Paul Crews, Tony Spina, Jim Shea, and Bob Hopkins. The outfield will be patroled by Jim Sauce, Pete Napolitano, Bernard Kuebler, or Bill Lane.

As in the past years the school will meet both local and outside competition.

As the diamond begins to steal the limelight as America's number one sport, it is the hope of the team and of Fr. Carney that the Augie Aggregation will regain the position of one of the most feared teams in Staten Island.

POSTULANT BASEBALL



FRONT ROW, Left to Right: John Hughes, Stanley Smith, Michael Gallagher, Robert Young, Thomas Gannon. BACK ROW, Left to Right: James Conway, Duane Morningred, Anthony Spina, Luke Hally, Robert Hopkins, Francis Reilly, Joseph Farrell.

Early in October the football leagues were formed and the first and most enthusiastic of our intramural sports was begun. In the senior league the competition was stiff, and no one knew just who was going to be the winner. It was Father Williams' teams that finally carried the slippery pigskin to victory. In the junior league John Duddy's Eagles zoomed out in front and stayed there all season.

After the football season there came a period when basketball, volley ball, and soccer were played by various pick-up teams. The basketball was the closest to having an organized league, but in all three exciting, close games were to be found. The big advantage of volley ball was that it could be played on the top of the hill when the field was muddy. For this reason, it was the game most frequently played during the winter season.

But the snows melted and the hard ground of the field softened to the dust of the baseball diamond. This also was played on a full scale with a league containing all the Postulants. Since the yearbook is going to press at the beginning of the season it is possible only to predict the highlights of the season.

Luke Hally, Stan Smith, and Duane Morningred are the veteran stars of the diamond. It is expected that Tony Spina and Jim Conway will be valuable assets to their teams. Enough of the season has progressed to predict who will compose the all-star team, which is pictured.

All-in-all this year has been a better than average year in our intramural sports. It has provided many thrills, tough competition, and exciting seasons.
